We're making strong statements—the merchandise is worthy of it, and under ordinary circumstances we wouldn't be able to sell these for less than \$2.00 and \$3.00. ST. PETERSBURG, April 20.—The latest news received here of the boundary war—that a Russian detachment had been penned in and was calling for reinforcements—has aroused the anxiety of the Foreign Office. It shows that the entire population of this district, composed of well-armed and warlike tribes, is rushing to the support of brigands who had been attacked. The situation may become still more serious if the Kurdish bandits who inhabit Russian territory, encouraged by the retirement of the Russian troops, join their Persian kindred and threaten the Russian communications.

YESTERDAY the Russians had three men killed and ten wounded in various minor engagements with the Persians.

ATTELL BEATS

Forty Champion Picks an

McCabe's Fight Card Looks
Good for Busy Night.

Sailor Boxer Training With
Jimmy Gardner.

(BY THE ASSOCIATED PRESS-P.M.)
SEATTLE (Wash., April 20)—Abel Attell retained his title of featherweight champion of the world at Sound Beach today by defeating Eddie Kelly of Buffalo, in the eighth round. Kelly was unable to land a damaging blow on the champion during the mill.

Attell gave a wonderful exhibition of footwork and cleverness, and the Buffalo fighter tired himself out in attempting to land a knockout.

In the seventh round Kelly went to his corner groggy from a series of hard rights to the head. In the first minute of the eighth, Attell floored Kelly with a right swing. A moment later Attell dropped Kelly again, and before John Field stopped the bout, giving the verdict to Attell.

The fight was witnessed by 6000 persons.

McCABE'S CARD.
HEAVY FIGHTING EXPECTED.
Main event—Battling Johnson and Jim Flynn, ten rounds.

Six-round preliminary—Jim Tremble and Jim McDonald.

Four round preliminary—Jimmy Austin and Young McGovern.

"Battle royal"—Five negro boxers unnamed, who will engage in a general contest until only one remains standing.

Jim Flynn and Battling Johnson are not to furnish about the toughest fight ever seen before the Pacific Athletic Club tonight, when they meet for ten rounds in Manager McCabe's fleet-week card.

Flynn is the more experienced and the cleverer boxer, but Johnson is larger and stronger, and young enough to stand a great amount of punishment.

Because of his strength and younger reach, Johnson can hit harder, but Flynn can punch enough to score a knockout if he is the better man.

The men fought ten rounds several weeks ago, and Flynn had a little the better of it, but since then Johnson has improved, as he has had very few fights, and has received instruction since his last battle. There are those who believe the big Russian will make a top-notch some day. Johnson said last night:

"I feel more confident than ever that I will win," said the Russian. "I have learned a lot since I fought Flynn before, and I will use the knowledge gained both from the experience of the former meeting and the instructions which Yank Austin has given me. If it is possible I will win this battle with Flynn Tuesday evening."

Jimmy Austin and Young McGovern should put up a good fight. McGovern appears to have the class, but somehow or other Austin has bluffed his way to this match when McGovern did not want to fight him, and Austin may have the hoodlum and slugging instinct.

The bout between Jim Tremble and Jim McDonald has little class and is a trout for McDonald who wants to get on and has the backing of Mike (Twin) Sullivan.

The battle royal is an old-fashioned innovation in the Los Angeles ring and is expected to prove the hit of the evening.

While there is no championship caliber in tonight's card, it looks as though at least two of the battles will be good events, full of hard fighting, with a battle royal thrown in for good measure.

JEFFRIES FIGHTERS.
Sailor Attell, who is training for the heavyweight championship of the world, is working with Jimmy Gardner at the Arcadia camp. Gardner will open Jeffries' fight club with Mike (Twin) Sullivan at Vernon in a twenty-five round battle, Thursday evening, and Attell, who is from the latter's stable, is expected to fight Schorsch of the battleship New Jersey at Chutes Park Thursday morning.

Attell, who weighs 167 pounds, has been mixing it with Gardner and has given the professional plenty of hard work.

At Sullivan's headquarters or Doyle's training camp, Schorsch is working out, and the two camps are aware of the two matches.

Leonard Lauder is showing up nicely for his fifteen round bout with Kid Ekl in the preliminary.

Lewis Beats Melody.
BOSTON, April 20.—Harry Lewis of Philadelphia knocked out Honey Melody of Charleston in the fourth round at the Arden Athletic Club tonight. Lewis scored a knockdown in the first round, and in point of cleverness outclassed Melody. The Philadelphia used a left jab to the face continually, and Melody could not get at him.

GYM TEAM RETURNS HOME.
Los Angeles and Polytechnic Boys Have Enjoyable Trip Through Northern Towns.

The combined gymnasium team which was sent north by the Los Angeles and the Polytechnic High schools, reached Los Angeles last night after a very successful trip. The only drawback was the fact that the Polytechnic team, which was out for State championship honors, was not able to secure more contests.

The only organization which would put out a team against them was the Columbia Park Club. The Los Angeles team was defeated, and Polytechnic now has a clear title to the championship, having gone undefeated for two years.

Although contests were scarce, there were plenty of places where the boys were entertained. The Los Angeles team was called the "father" of it, died of pneumonia and heart disease at his home in Brooklyn today.

ing to manage exhibitions for the southern teams, and a great deal of enthusiasm was raised in the interest of high-school gymnasium work.

The first stop was made at Fresno, where an exhibition was given in the Y.M.C.A. gymnasium, under the management of the Fresno High School.

The team went from there to San Francisco, and worked in the Mission High School, in conjunction with gymnastic funfests. The next stop was at Santa Barbara, but as the high school was having vacation, no arrangements could be made for either an exhibition there or a contest with them.

The prime object of the trip was to arouse interest in gymnasium work in the northern high schools, and to encourage the building of gymnasiums. As the work seemed to be enjoyed and appreciated by most of the audiences the promoters hope that the object has been accomplished.

On paper the Seals have not such a winning streak as the Portland and Oakland teams, which gave Los Angeles a hard run. It is expected that the champions will have much difficulty in winning from the leaders.

San Francisco seems to have a great team this year, and it has been playing up to form, perhaps ahead of its rivals. The Seals have not such a winning streak as the Portland and Oakland teams, which gave Los Angeles a hard run.

It is expected that the champions will have much difficulty in winning from the leaders.

Officers and men of the Atlantic Fleet, in behalf of the balance of the people of Southern California, Arizona, New Mexico and the Great Southwest who were unable to attend the banquet, I congratulate you upon your safe voyage around the horn, and welcome you to the Land of Sunshine. It has been said that the inhabitants of the sunny southland are the most hospitable people on earth. I believe it. We have no winter blasts to cool our blood, the perfume of blooming flowers is constantly in the air. Nature has bestowed upon us everything that tends to make man happy and contented. Our hearts beat fast and we tell our hearts to you, the officers and men of the greatest nation on earth. You gentlemen devote your lives to the defense of our country, your stand ready to fight, and, if necessary, die in the defense of Her honor and that grand old flag, The Stars and Stripes.

You will find no more loyal citizens between Maine and Manila than your present hosts, the people of this great Southland. We cannot all be sailors or soldiers. Some of us must till the soil and beautify this great new country. The mountains, the perfume of blooming flowers, the gold, silver, copper, iron, etc., beckon to others. Some of us have to reduce the raw materials into articles of service, others of us devote our lives to selling the manufactured articles to the consumer. That is my beset job. But he only sells the good sort, no shoddy article, devoid of merit, ever enters a Silverwood Store unless by accident. Everything is carefully priced at the lowest possible price. We make a specialty of clothing, hats, shirts, underwear, in short, everything men wear except shoes. We invite you to visit our stores; it will pay you, even if you don't buy. Are to buy Silverwood in America are there more up-to-date or reliable stores than the Four with this name over the door.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has been saving women from this awful condition.

Mrs. Louise Jung, of 332 Chestnut St., Detroit, Mich., writes:

"I suffered from a very severe female weakness for a long time. Lydia E. Pinkham's Vegetable Compound, restored my health. I hope it will do the same for other women as much good as it has me." Mrs. Emma Whetstone, of Vienna, W. Va., writes to Mrs. Pinkham: "I was a walking shadow. My husband insisted upon my writing to you and trying Lydia E. Pinkham's Vegetable Compound, which I did. It relieved all my pains and misery, and made of me a very different woman."

FACTS FOR SICK WOMEN

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing-down feeling, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice.

WOMAN'S POWER

The healthy woman; strong mentally and physically, whose ambition and magnetic influence urge men to deeds of grandeur and heroism; such women are all-powerful. Weak, sick and ailing women have little ambition; their own troubles occupy all their thoughts. They dwell upon their pains, suffer from nervousness and headaches; often are extremely melancholy, and avoid society. For thirty years

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

has been saving women from this awful condition.

Mrs. Louise Jung, of 332 Chestnut St., Detroit, Mich., writes:

"I suffered from a very severe female weakness for a long time. Lydia E. Pinkham's Vegetable Compound, restored my health. I hope it will do the same for other women as much good as it has me." Mrs. Emma Whetstone, of Vienna, W. Va., writes to Mrs. Pinkham: "I was a walking shadow. My husband insisted upon my writing to you and trying Lydia E. Pinkham's Vegetable Compound, which I did. It relieved all my pains and misery, and made of me a very different woman."

FACTS FOR SICK WOMEN

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing-down feeling, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice.

D'S Springtime is Backache Time

To thousands spring is the miserable time of the year, a time of general weakness, with spells of backache, lameness, rheumatic pain, dizziness, headache and fits of "blues." You feel dull and tired all the time, and find the day's duties a heavy load. The kidneys are weakened by the long strain of winter, and for a spring tonic nothing is equal to a good kidney medicine. Body and blood are laden with an extra burden of uric acid poison. The weak kidneys fail to carry it off. Brain, nerves, muscles and vital organs all feel the effect. The congestion sets up a heavy aching in the back. Doan's Kidney Pills quickly relieve this condition, cure sick kidneys, drive out uric acid, regulate the urine and strengthen the back.

DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

LOS ANGELES PROOF

Mr. J. Hasty, 811 East Sixth St., Los Angeles, Calif., says: "My back troubled me for some time, but I was not at all aware of it until I was told that I was suffering from kidney trouble. I was then advised to take Doan's Kidney Pills. They brought me back to normal in a few days, and as I continued taking them, the aching lessened and the back grew stronger. I have no more backache, except on some occasions, when I am over-exerted. This is the case, a few boxes of Doan's Kidney Pills soon and the trouble is cured. I have no more backache, and I am glad to have it in case of need."

John Bringer, retired, 772 Maple Ave., Los Angeles, Calif., says: "The fact that Doan's Kidney Pills are a valuable remedy for kidney trouble has been well proven to me. Over a year ago my back commenced to ache severely, and every time I stooped, I would experience pains about my kidneys. They brought me back to normal in a few days, and as I continued taking them, the aching lessened and the back grew stronger. I have no more backache, except on some occasions, when I am over-exerted. This is the case, a few boxes of Doan's Kidney Pills soon and the trouble is cured. I have no more backache, and I am glad to have it in case of need."

Saved from Awful Suffering.

G. W. L. Nesbitt, living on Depot St., Marion Ky., says: "Kidney disease had reduced me to a chronic invalid. I have suffered so severely from this complaint that for two months at a time I was unable to get out of bed, and no one can describe the suffering I endured. I often wished that death might relieve my misery. The secretions were thick, filled with a sediment, and my limbs were badly swollen. The doctor said I had dropsy and held out little hope of my recovery. I could not raise my arms above my head; in fact, there was an almost complete paralysis of the right side. I had no hopes of ever getting better when a relative advised me to try Doan's Kidney Pills, and a box was procured for me. I improved from the first, and continued taking this remedy until all symptoms from which I had been a victim disappeared one by one. In three months I was a well man. I continued to take the remedy until I was back to work in the usual way. That Doan's Kidney Pills is the best kidney remedy in the world I am thoroughly convinced."

LOS ANGELES PROOF

Mrs. J. Roach, 539 San Pedro St., Los Angeles, Cal., says: "If any person were to ask me what to use for pain and lameness in the small of the back, I would certainly say, Doan's Kidney Pills. About two years ago I was all run down as the result of hard work. A friend who had been a sufferer from kidney trouble told me about Doan's Kidney Pills and what great benefit she had derived from them. Through her recommendation I procured a box, believing that this was what I needed for my trouble. As the result of their use my kidneys were strengthened, that tired, worn-out feeling left and my condition was bettered in every respect. Some time ago Mr. Roach had occasion to use Doan's Kidney Pills and in his case they proved just as satisfactory."

C. W. Clark, 823 E. Eleventh St., Los Angeles, Calif., says: "For ten or eleven years, I was subject to attacks of dull pain in the small of the back, the spells usually lasting for three or four days. I did not suffer as acutely as some people, but was nevertheless annoyed a great deal. I knew that this trouble was due to the inactive condition of my kidneys and learning about Doan's Kidney Pills, I had my daughter procure a box for me. They proved to be just what I needed, as about half the contents of one box put my kidneys in good working order and removed the pain from my back."

"As a general rule I am fairly cap-

able of expressing my thoughts and

feelings at an assembly of this kind,

character, but I am literally and truly

night. I find the concentrated essence

of the famed California hospitality

here in Los Angeles tonight.

"In greeting you without our com-

mander-in-chief as our leader I feel

that it is as a rendering of the play

of 'Hamlet' with Hamlet missing.

Admiral Robley D. Evans is one of

the foremost naval officers, not only

of our navy, but of the world. (Loud

cheers.) This fleet, which is bound on

its voyage around the world, was or-

ganized by Admiral Evans. It is our

pride to the people of this country to

make this fleet irresistible in the su-

perior navy. Through organization, in

which Admiral Evans has borne a

leading part, we feel that this we have

done.

THE HOPE OF EVANS.

"It was the hope of our admiral that

he should be able to take the Atlantic

fleet through the Golden Gate, and

while his physicians have advised that

he should not, we feel that the

will be a better tonic than any of the

doctors can prescribe. It means a

good deal to the fleet to have the

admiral on board, and the admiral

to guide us, we of the fleet are

happy and willing to do all the work.

"(Cheers.)

"In our voyage from port to port

we have come as a missionary of the

peace, and I believe that as we call

at the foreign ports on our way

around the world, we shall be received

as a messenger of that sublime senti-

ment, 'Peace on earth, good will to

men.'

Hydegrade Galateas 20c a Yard
Every well-dressed woman appreciates how much the success of a gown depends upon the character of the material—a something peculiar to the goods itself that either makes or mars.
The following is a little talk about a fabric with a very decided character; a serviceable wash goods that has distinctive style and finish and that lends itself to a variety of uses, one or more of which must interest you.
The vogue of the shirt-waist suit in mixed or solid colors, the cry for practical wash suits, and the innovation this season of the "jumper" dress have brought Hydegrade Galatea before the public in a new light.
No other material can approach Hydegrade Galatea for a serviceable "tub dress," or a rough-and-ready suit for mountains, country or seashore—equally suitable for golf, tennis, yachting, or an every-day walking skirt.
First to support this assertion is the fact that Hydegrade Galatea is the one and only goods of the kind that you need not be afraid to wash. Hydegrade Galatea not only retains its beauty and freshness, but acquires a new softness and fineness of texture after it is laundered that makes it decidedly more attractive.
Another "woven-in" quality of Hydegrade Galatea is that you cannot fade it by any ordinary wear, even right out in the hot sun. The colors are of such a character as to stay as nearly permanent as the finest dyes in the world can guarantee. It washes like white goods and it wears like iron.
Hydegrade Manchester Galatea may be had today in fifteen different colors and two hundred combinations of checks, plaids, stripes and solid shades. The newest and most popular dress patterns of the season are quickly adapted, from conventional designs to chic novelties, and behind each piece of goods sold is the reputation of forty years. Hydegrade Galateas sell for 20 cents a yard.

Japanese Linen Drawnwork:--
Beautiful qualities in some two dozen different styles and sizes, from six-inch dories up to 36-inch tea cloths; scarfs from 18x27 inches to 18x44 inches long. These are brand new, handsome goods, and are on sale in the Art Needlework Section.....

March Business Good.

A DECIDED improvement in the business tone everywhere is noticeable, with a renewed feeling of confidence and consequent activity in all lines. Newspaper advertising is the best commercial barometer in the world, indicating by its volume, growth and enthusiasm the actual temper of the merchants, who always keep a steady hand on the pulse of the buying public.

A marked increase is now shown in Times advertising, both classified and display, almost daily. For the month of March, as indicated by the comparative table following, 121 more columns of paid matter were printed in The Times than in the Chicago Tribune, the next largest newspaper. The New York Herald followed with 1259 less columns. These telling figures clearly prove the superiority of The Times and again demonstrate the fact that it is the best and most profitable advertising medium extant.

GEN. WOODFORD SO TELLS TAFT CLUB IN ADDRESSING THEM IN FAVOR OF HUGHES.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, April 20.—[Exclusive Dispatch.] Gen. Woodford, L. Woodford, president of the Hughes League and a New York delegate to the Republican National Convention, brought the Hughes boom to Chicago.

In spite of the fact that the Hamilton club is ultra Taft, Gen. Woodford addressed it eloquently in behalf of the New York Governor.

"I am a Taft man," he said, "and not with your hearts," was the message Gen. Woodford delivered to the Hamilton club, and all through his address showed his diplomatic training by not saying a word that the Taft men, or advocate of other aspirants, could take offense at in the least.

of Roses Association—Three Hotel
Men Now Numbered Among the
Directors of That Body—Girl in
Trombone Takes Carbolic Acid.

ON a small Times, No. 18, Raymond Ave., PASADENA, April 21.—For the third time, J. D. Johnson, proprietor of the Pasadena Pharmacy at No. 21 East Colorado street, was caught in the act of selling liquor, last night. Special Officer Salas of the police department, in cooperation with Patrolman Jack Slade, conducted the raid. After the presence of the officers was discovered in the store, Johnson rubbed out and had not been found by the police late last night, although the entire force searched for him diligently.

The arrest is the more important as it follows within twenty hours an extension of time until Thursday morning in which to plead to the charge of selling liquor, that was asked by Johnson's attorneys in Judge Robert McDonald's court yesterday morning. The former arrest was made on April 11. It was believed this morning that Johnson would fight the case, but his sudden disappearance last night gave the police reason to think that he had left town for good.

Shortly before 9 o'clock Officer Salas entered the store, and as he stood for the counter waiting to ask for a bottle, a young man, whose name is not known by the police, asked for a bottle of whiskey. Salas grabbed the bottle from the young man as Johnson rushed in and the two officers had hard work to secure the bottle, which was the important feature of the evidence. Meaning Johnson escaped to Johnson's home, he has been arrested three times within the past year for selling liquor, and the last time he was convicted paid a fine of \$300. It was expected that when his case came up this morning, he would plead "not guilty" to the charge of selling liquor, but a continuance until Thursday was allowed. In case he is caught and convicted, the heaviest sentence ever imposed for selling liquor in Pasadena will fall to his lot. Sixty days in jail and \$500 fine is the "limit" for selling liquor.

ELECT DIRECTORS.

Walter Raymond, proprietor of Hotel Raymond, was unanimously elected a director of the Tournament of Roses Association at the annual meeting held last night in the Board of Trade rooms and attended by a hundred members. Through the election of Mr. Raymond, three hotel men, D. M. Linder, George P. Ryder, and Z. T. Malby were reflected to positions on the board of directors and Mr. Raymond makes the place made vacant by the resignation of Dr. W. Edward Hibbard.

Both President George P. Cary and Secretary Willis Johnson were accorded unanimous votes of thanks at last night's meeting. Attorney Walter S. Wright spoke particularly of the faithful service of President Cary, and Frank V. Long complimented Secretary Johnson for his work in putting the tournament before the public, especially through his publicity in eastern railroad advertisements.

President Cary, in a brief talk after being reflected as director, said that it was the understanding of every director on the board, that the Tournament of Roses would be abandoned if it had to be given under similar conditions to those of last year. He emphasized the fact that accommodations for the public were not what should be and unless this defect was remedied it would hurt Pasadena more than any other city in the state.

F. S. Allen on behalf of Frank V. Ryder, chairman of the Park Improvement Committee, gave a brief account of the work the committee has undertaken in asking the City Council to expend \$50,000 in improvement of the park, the funds to be raised through a bond issue, the advisability of which the Building and Grounds Committee of the Council now has under consideration.

LOVER WOOS DEATH.

Because her parents refused to permit her to go to the beach to see the fleet with her chauffeur lover, Allen Clarkson, a comely girl of 15 years, fell into a tantrum and tried to end her life by taking carbolic acid yesterday afternoon. Quick action on the part of the police officers, who had been stationed in the girl's home to avoid contemplated trouble, saved the girl's life. Dr. A. D. S. McCoy, police surgeon, was summoned immediately, and the ice surgeon administered an antidote, which completed the work the officers began.

Early yesterday morning the attention of Chief of Police H. H. Fayer was called to the girl's home, where she was in a condition to be left alone with her parents, as she threatened to take their lives. After leaving the home of the sister of the girl, where the girl was interviewed, the Chief detailed Detective Coppin and Patrolman Reulitz to the house at No. 146 West Green street, where the girl lived. When the girl arrived about her own home she entered the house, exclaiming, "Mother, look what you have done to me! You have taken away my life!" She then drained the contents of a small bottle of carbolic acid.

The police officers carried her to her room and applied an antidote of alcohol. Dr. A. D. S. McCoy, police surgeon, was summoned, and the girl was sure of recovery. Late yesterday afternoon she was taken to the Detention Home, where she declared that she will kill herself if opportunity affords.

For some time the girl has been known to be incorrigible and the Humane Society has the case under investigation.

GHOSTLY FOOTFALLS.

Attaches of Hospital in Santa Monica Tell of Sounds in the Night.

SANTA MONICA, April 20.—Matron, engineer, housekeeper and nurses at the Santa Monica Hospital are preparing to make a statement if necessary that the basement of that institution is haunted. Nightly the mysterious tread of feet is heard on the floor.

After the weary march goes on, and to the certain knowledge of the inmates of the place there is no living being in the building, the sounds from which the distracting noises emanate. The burglar theory was excluded the morning after the sounds were first heard. Investigation was made; nothing was missing, and there was nothing going on in the building.

Two burglars were reported last night. The carpenter shop of W. H. Wilson was entered and tools stolen which were recovered in a second-hand store. The other robbery was the theft of twenty yards of material from the store of W. M. Wright, a barber.

Caught in a crush at West Long Beach today, C. C. Cousin of San Bernardino lost a \$50 diamond stud from his vest pocket while taking means of a pair of nippers, the pin being left in the shirt.

GLENDALE. GLENDALE, April 20.—At the suggestion of Mark Keppel, Superintendent of schools, the Glendale schools are closed for today and tomorrow for the teachers and pupils may visit the fleet.

Woman Suffering With Foot Crushed in Leaving Warship Is Compelled to Endure Pain for Hours Until Another Boat Comes to the Rescue—For Editorial Party.

LONG BEACH, April 20.—With its machinery broken and drifting with the wind, carried in with the breakers close to shore and out again with the tide, the launch Seabright was tossed about for two hours with twelve passengers aboard and was finally rescued by the launch Elliott near Devil's Gate.

After leaving one of the warships, something went wrong with the machinery and the boat began to drift helplessly. So many launches were coming and going that the Seabright's plight attracted no attention, although the flag was reversed and two passengers waved frantically for half an hour before the captain of the Elliott saw the launch and sent the rescue.

Among the passengers were Dr. and Mrs. George O. Nicholson and their guests, Dr. and Mrs. A. B. McKelvey. The launch was carrying the ship Mrs. Nicholson's foot was crushed between the foot and launch and she suffered intense pain during the enforced stay on the drifting launch.

Immediately upon arrival the editorial party will go to Hotel Virginia and spend the time until 1 o'clock visiting the fleet and the individual members may choose. The reception Tuesday evening will be informal owing to the fact that the launch of the hotel has been cancelled. This is because of the crowded condition of the hotel.

Striking Testimony in Trial
of Alleged Burglars.

Conductor of Special Train
Shows Up Crime.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, April 10.—(Exclusive Dispatch.) Three witnesses testified in the township justice court today in the case wherein Hayden Talbot, W. G. Heustis and W. R. Beard, reporters on the Los Angeles Examiner, are charged with the burglary of the H. R. Fitch studio on the evening of March 14, at which time several pictures of the battleship USS Arizona were stolen from the studio.

The witnesses were Mr. Fitch, Miss Hazel Angier, an employee of his, and F. R. Clingman, conductor of the special Examiner train which was chartered to take the stolen pictures to Los Angeles. Attorney H. E. Appel of Los Angeles, W. Mills and Hilar, local attorneys, appeared for the prisoners, while the prosecution was represented by Dist. Atty. Kirby and Assistant Dist. Atty. Utley.

At great length Mr. Fitch told the story of the theft, his testimony being fully substantiated by that of Miss Angier. Beard appeared at the studio at 4 o'clock the afternoon of the 14th, an hour after Fitch had returned from Magdalena, and asked if he had any pictures for sale, to which a negative reply was given. Beard then asked if he could accompany Mr. Fitch to the developing room. At that time he was hanging up the developed films to dry.

He left the studio shortly after and the next morning it was found that the pictures had been broken into during the night and five of the pictures stolen. He saw the reproductions of several of them in the Los Angeles Examiner the following morning and on the morning of the 15th, Talbot, who had also been at the studio the afternoon of the 14th, appeared with the stolen films.

CONFESION OF STEALING.

Mr. Fitch testified that Talbot had said when he returned the stolen films that the Examiner had returned the property which had been missing from the studio and that he regretted the circumstances under which he had lost them, although the "circumstances" were not stated. Talbot also said that it was the act of young men and that older men would not have done it; that he was very sorry and was ready to do what it could to make reparation. Fitch had replied that he had placed the films in the hands of an attorney and Talbot would have to see him. At that time the films were lying on a table, some of them had been ruined and the others damaged. Mr. Fitch positively identified the pictures appearing in the Examiner on the 17th as reproductions from his films and placed the value of the stolen property at \$200, although he had been hoping to get very much more than that out of them. In cross-examination he denied ever having any conversation with any one to the effect that he would leave the pictures films where the "boys" could get them, receiving in exchange a money consideration. He reiterated that the only conversation he had with Beard was when he loaned him the pictures and forbade his entering the developing room.

IMPORTANT WITNESS.

In view of the fact that the story of how the films had been taken from the studio had been told before, the most interesting witness of the day was F. R. Clingman, then Santa Fe conductor, who explained how the plunder was hurried to Los Angeles on the evening of the 14th. Clingman said that he received orders to be ready to leave at once for a return trip to Los Angeles upon his arrival at 7:30 that night, and he was there. He saw Talbot, Heustis and Beard at the depot at various times between then and the departure of the train at 8:15 or 9 o'clock. Talbot appeared to be the man in charge and he was very nervous, smoking cigarettes as he paced the depot ground.

Talbot had the tickets for the bunch, said Clingman. "And I just waited for leaving orders from him. A few minutes before the train left, Talbot hustled Beard and Heustis into an automobile, telling them that he would give them just ten minutes to get back."

THE THREAT.

"I heard him say that he had given Beard \$100, and if he didn't get the films he would lose his job in the morning. It must have been between 8:35 and 8:40 when he left the depot for the run up town. They came back in a hurry."

"I was in the telegraph office and neither of them, so far as I noticed, had anything in their hands. We were away in short order. In the coach, after we were on the way, I heard that they had got the films and I saw them hang them on the bell cord to the telegraph office. The films were left hanging on the bell cord until we reached Santa Fe. The train reached Los Angeles at 11:30 and the men took the films with them."

THE BURGLAR CRAWLED.

"In the run up the coast I heard Heustis say that in getting the films he crawled through a hole about six inches wide, (indicating a width of 15 inches) and that he heard a clock ticking and that all the time he expected to get soaked. I also heard the men say that they had got the 'biggest scoop of the age' and that they had the globe skinned to death. I also heard Beard say that it was either a question of making good on the job or losing their positions in the morning."

"GEEKS" RUMI.

"As for Talbot, he had very little to say. It may have been that being in charge of the special he considered himself above myself as the conductor. He appeared to be staid and I told the other fellows that they better not talk to him. He had been extremely nervous while waiting the return of the other fellows from the return of the train at 8:15."

The trial will be resumed tomorrow morning.

THIS is Happy Week. You may call it Easter Week, Fleet Week or Navy Week. If you like, but the main thing is that it's Happy Week. It's a week of Good Fellowship and Welcome.

Welcome to those who came by land and to those who came by sea. Welcome to every one who comes to our back up their hearty greeting and invitation with the kind of offering that will make all the difference.

Horrible Practices. The attitude of the United States District Attorney is identical with that of the Attorney-General and it is known that the Postmaster General has recently issued stringent orders prohibiting the mailing of papers and magazines in which these human vamps obtain publicity.

Recently a campaign was instituted in San Francisco and it is understood that it is to be made general throughout the country.

The four persons arrested yesterday may receive, upon conviction, the maximum sentence of a fine of \$500, imprisonment for five years in the penitentiary, or both.

The Federal prosecutions will not bar action by the State authorities and the State Medical Board will probably institute a crusade against quacks.

"Doctor" Eads has been in the toils of the law before.
